

THE GRID METHOD - Level 1

Blanden Memorial Art Museum | 920 3rd Ave S, Fort Dodge, IA 50501 | www.blanden.org

The grid method is an inexpensive, low-tech way to reproduce and/or enlarge an image that you want to paint or draw. The grid method involves drawing a grid over your reference photo, and then drawing a grid of equal ratio on your work surface. You will recreate the image below in a 1:1 ratio using a pen or pencil. You can leave it as is, or add color to jazz it up!

Drawing of "Devce (maiden) of Czechoslovakia" by Lenore Benolken. The original painting is in the Blanden Memorial Art Museum's Permanent Collection.
